

CAPSA PRESENTS

THE GUIDING PRINCIPLES OF CO-LEADERSHIP

CREATE MEANINGFUL CHANGE BY EMBRACING CO-DESIGN WITH CAPSA'S TEAM OF SPECIALISTS

**Wednesday, May 7, 2025
12pm - 1pm EDT**

This evidence-based approach ensures project results that are more beneficial for people pursuing Substance Use Health goals while also benefiting those who work within systems of care. You will receive:

- ✓ An introduction to the history and principles of co-design
- ✓ Learn the different types of engagement with individuals who use healthcare services and what it means to meaningfully engage with people with lived and living experience (PWLLE)
- ✓ Explore how to co-develop projects and programs alongside this expertise
